 [LinkedIn/Cody Hodges](#)

 [GitHub/CHodges00](#)

Passionate Software Developer with knowledge of fundamental software design, testing and development. Prepared to utilize technical, social, and analytical skills to thrive in the software engineering career field.

## Technical Skills

HTML - CSS - Bootstrap - JavaScript - jQuery - Java SE - Java EE (Servlets, JSP) - Spring - MySQL - Thymeleaf - Object-Oriented Programming - Test-Driven Development - Version Control with Git - Paired Programming

## Development Projects

### [MovieDatabase](#)

Program where users can search, add, edit and delete movies from a database of movies that were appended from an API. This project utilizes Bootstrap, HTML, CSS, AJAX, jQuery, TMDB API, and JSON. This was a paired programming project that was worked on with two partners in a paired programming environment.

### [WeatherMap](#)

Allows the user to drag/drop/search a place on a map and display the 5 day weather forecast for the city shown. This project utilizes HTML, CSS, jQuery, AJAX, MapboxAPI and the OpenWeatherMap API.

### [BeerPicker](#)

This application contains a database of drinks with the drinks attributes shown to the user. The user is able to add their own drinks to the application which persists in their local storage. This project utilizes Bootstrap, HTML, CSS, DOM and jQuery. Nelson Delgado was a contributor to the application through paired programming practices.

## Military Experience

**U.S.Army** - Vilseck, Germany

*Radiologic Technologist* / Jun 2015 - Apr 2017

- Provided diagnostic radiological care to over 15,000 soldiers and their dependents in a clinical setting while overseas to present visuals of possible injuries
- Project lead who managed the development team that improved flow within the radiology department through a patient tracking system that reduced patient wait times by an average of 6 minutes

**U.S.Army** - El Paso, TX

*Radiologic Technologist* / Aug 2014 - Jun 2015

- Provided radiological care to patients in need of immediate care in fast paced emergency settings
- Cross-trained through all available modalities to improve department's output of care to patients

## Professional Experience

### **Securitas Security Services** - Portland, OR

*Officer* / Apr 2018 - Jun 2019

- Identified and challenged potentially unauthorized individuals in order to prevent passage of prohibited articles into restricted areas
- Developed and grew staff competencies through team development, implementation and support of specific training for various responsibilities

### **Terminix** - Byron, GA

*Sales Professional* / Jun 2020 - Jan 2021

- Trained and developed 2 new sales professionals during a period of company expansion to ensure attention to detail and adherence to company policy
- Presented the company's products to potential clients while ensuring that the solution provided for their scenarios would be their most efficient option
- Implemented up-selling strategies to ensure team quotas were met

## Education

### **Codeup**

Certification of Completion

Nov 2021 - May 2022

A fully-immersive, project-based, and intensive 22-week Full-Stack Java Career Accelerator that provides students with 670 hours of expert instruction in software development

### **Purdue University Global**

Associate of Health Science

Oct 2017 - Mar 2018

learned how to improve individual and public health through the lens of science, technology, engineering, and math
